# Gizmo

---

Gizmo is top dog in Medina County no doubt.

Gizmo is a black pug with a really little white dot on his chest, and white on the bottom of his paws. He also has brown bug like eyes, just like every pug does.

The reasons Gizmo is top dog is because his best friend is a wallaby named Erwin (Mini Kangaroo), but I'm sure every pugs best friend is a wallaby right?

Gizmo also learned how to sit and lay down at only 3 months old

Gizmo is not your average pug. He is a German Pug. German pugs stay smaller. Gizmo's birthday is November 13, 2016. So Gizmo is almost a year old and is full grown. To give an Idea of how small he only weighs 12 pounds!

Now Gizmo can play fetch just like many dogs dogs but he can do something better. When Gizmo wants a treat he stand up on his hind legs and walks backward...for only a couple seconds.

Oh, did I say that Gizmo live's in a zoo? It's true! Kinda. In our house we have over 50 exotic animals, like lemurs, a Kinkajou, a groundhog, a wallaby and so on.

Gizmo was brought into my life to help me smile again, and so far it's working! November 2014 I lost my brother Colton.

Gizmo loves stuffed animals or maybe he hates stuffed animals. When Gizmo gets a stuffed animal he rips it open and "fights" the stuffing. After he kills all the white fuzzy's, he sticks his head in the stuff animal and rips out the squeaker. He then runs around the house squeaking it... in till it pops.

---

So, when will you admit that Gizmo is top dog? It's not a hard choice. Just go ahead, say Gizmo is top dog.
