Greetings,

Happy Thanksgiving to everyone! It's a great time of year to remember all our blessings and positives in life. First of all, if you're living in Medina County, you're lucky - even during the winter months! An "attitude of gratitude" pays great rewards - try it!

I interact with a lot of youth groups and my heart always goes out to the young parents struggling with their children - hey, parenting is tough! It does get easier. Remember, you don't necessarily have to enforce your will on those children all the time. Sometimes allowing them to win and getting near the goal is better than a lot more stress and getting to exactly where you want to be. And we can all use a little less stress during the holiday season. Remember to breathe - the sun will still come up tomorrow!

From your auditor's office, wishing the very best to you and yours this Thanksgiving and please keep those less fortunate than yourself in mind now and throughout the year! Have an outstanding week!

Mike Kovack

OK, I'm throwing this idea out into the universe to see what happens.

With the passage of the Brunswick school bond levy to build a new middle school and tear down Edwards and Visintainer, it occurred to me that it would be exciting to save at least a front entrance of Edwards and perhaps make one room from the bricks and put it at Heritage Farm to preserve the history of the first central high school in the community.
